

**Chief Forester Order
Section 177 of the *Forest Act***

I, Larry Pedersen, Chief Forester, order that, effective on the date section 3 (1) of the *Nisga'a Final Agreement Act* comes into force, the allowable annual cut for Tree Farm Licence 1 is reduced by 109 000 cubic metres as a result of the reduction in size of the area of Tree Farm Licence 1 under the *Nisga'a Final Agreement*. This order is rescinded on the date that I next determine an allowable annual cut for the Tree Farm Licence 1 Timber Supply Area under section 8 of the *Forest Act*.
